

## Brief Introduction

China & Foreign jointventure Tangshan JinHengTong Bicycle Parts Co., Ltd was established in 1997, and mainly manages the producing and selling of the bicycle parts, It is one of the largest bicycle parts producing factories in China, it occupies about one hundred thousand square meters, and now its staffs are more than one thousand.

Since the foundation of the company, we have enforced the "Honest, surefooted, steady" as our enterprise spirit and diligent working attitude. We have built a bicycle parts kingdom of producing bicycle rim, carrier and stand. We emphasize Quality Management and have built two laboratories with complete testing equipment and advanced testing means, of which one is for chemical test, another is for physical test. We own a talented team with the advanced management experience for the technology exploration, jobsite management, goods examination and good sale, the first-class production and fabrication equipment and an advanced-technology team for development and exploration of appropriative equipment of the bicycle.

Its title that "Honest and Credit will make the cause prosperous, quality will enhance the reputation" wins a high reputation at the same industry in China.

Personnel of JinHengTong is ready to serve you with its zest of hardworking, confidence, responsibility, one hundred percent of satisfaction is our aim and obligation.

The JinHengTongs will make unremitting efforts and pursuit to win more development together with you.
